ValuePrism

Asking for euthanasia because of unbearable pain.

Support

I truly believe that if someone is suffering from unbearable pain with no end in sight, they should have the right to choose euthanasia [...]

Oppose

Honestly, I just can't bring myself to support euthanasia, even in cases of unbearable pain, because it feels like we're giving up [...]

Habermas

We should use public funds to develop AI

Agree

"AI is going to be hugely important in the future. [...] Any business or government that has a well developed system will be at an advantage."

Disagree

No I think public funds are so currently underfunded that any other stretch on spending will only make it worse, [...]

Habermas-Hybrid

We should use public funds to develop AI

Agree

"AI is going to be hugely important in the future. [...] Any business or government that has a developed system will be at an advantage."

Disagree

Honestly, I'm not convinced that using public funds to develop artificial intelligence is the right move. I think about all the [...]
